

# 2025 AWSP LEGISLATIVE PLATFORM

Effective principals and assistant principals ensure each and every student and staff member is provided with equitable and safe environments where they can learn and achieve their educational goals and aspirations. Students and staff members deserve a highly effective school leader.

In order to grow, support, and sustain our current and future school leaders, AWSP asks the 2025 Legislature to invest in:

## GROWING, SUPPORTING, AND SUSTAINING HIGHLY EFFECTIVE LEADERS

- Support a robust system of leadership development, especially targeted support for early career principals who serve in schools with the greatest needs.
- Provide increased administrative staffing ratios in the Prototypical School Funding Model (PSFM).

## FULLY FUNDING BASIC EDUCATION SERVICES

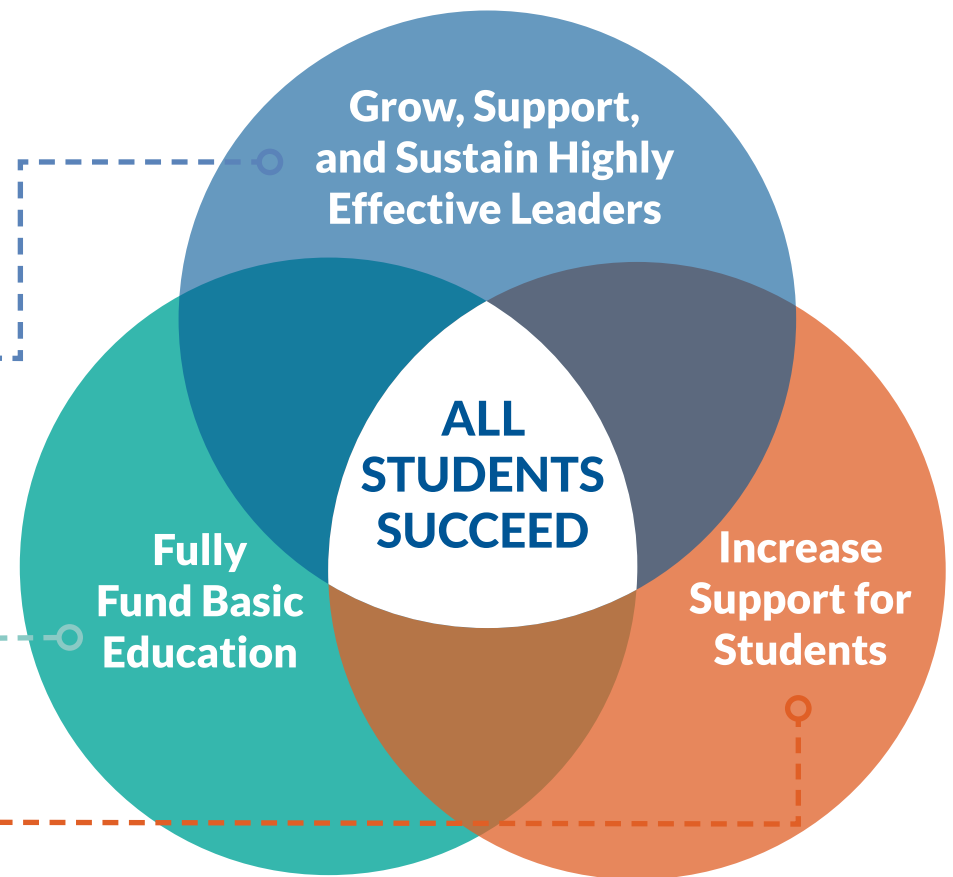

- Special education
- Materials, supplies, insurance, and other operating costs (MSOC)
- Transportation

## INCREASING SUPPORT FOR STUDENTS

- Fund additional behavioral and mental health support for students.
- Fully fund outdoor learning experiences.
- End the sale of flavored tobacco and vapor products.

*“It is difficult to envision a higher return on investment in K-12 education than the cultivation of high-quality school leadership.”*
